

AF MODEL ABF SERIES AUTOMATIC INLINE VOLUMETRIC PISTON FILLER

MODEL ABF-8-5P-TS EIGHT HEAD INLINE FILLING MACHINE

This AF Model ABF Series Multi Heads Inline Volumetric Piston Filling Machines are designed to fill liquid products of different viscosity, ranging from water thin liquids like edible oil to semi viscous products like cream and lubricants oil. These inline volumetric piston filling machines come complete ranging from four to twelve filling heads, variable speed drive slat chain conveyor, and easy to read touch screen with electronic volume adjustment controls for speed and ease of setup.

Machine Features

- ▶ Motor powered driven automatic inline filler
- ▶ Suitable to fill higher viscosity liquids
- ▶ Automatic 2 stages filling speed control for fast/slow filling
- ▶ Automatic container neck locator and drip tray
- ▶ Touchscreen Panel provides Self-diagnostic Function
- ▶ No Container No fill electronic sensing
- ▶ No Product No fill control
- ▶ Batch Container Counter
- ▶ Full microprocessor PLC controlled
- ▶ Piston pump volume available from 0.5 to 5 Lit
- ▶ Stainless Steel contact part suitable for food grade product filling
- ▶ Fully enclose filling zone minimize dust contaminations

Common Use In The Following Industry

Petrochemical, Pharmaceutical, Biotechnology, Cosmetic, Healthcare and Personal Care etc...
